PHILADELPHIA

COPYRIGHTED 1932
FELTON, SIBLEY & CO., INC.
PHILADELPHIA, PA.

THIS COLOR HARMONIZER has been designed to help dealers sell *more* FELTON-SIBLEY products *more* satisfactorily. The dealer is able to make unlimited color combinations with this wonderful new device.

By placing the various colors printed on the transparent page over the colors on the background, one may readily visualize the adaptability of the various shades to their particular needs. By continually shifting the cellophane page from illustration to illustration an endless variety of color schemes may be procured.

It must be remembered the shades printed in this *Color Harmonizer* are almost identical with our color card, the variation being caused by the fact that this work is done with printing ink. This very minute difference is not evident in using it for procuring the various color schemes.

PURE LINSEED OIL HOUSE PAINT

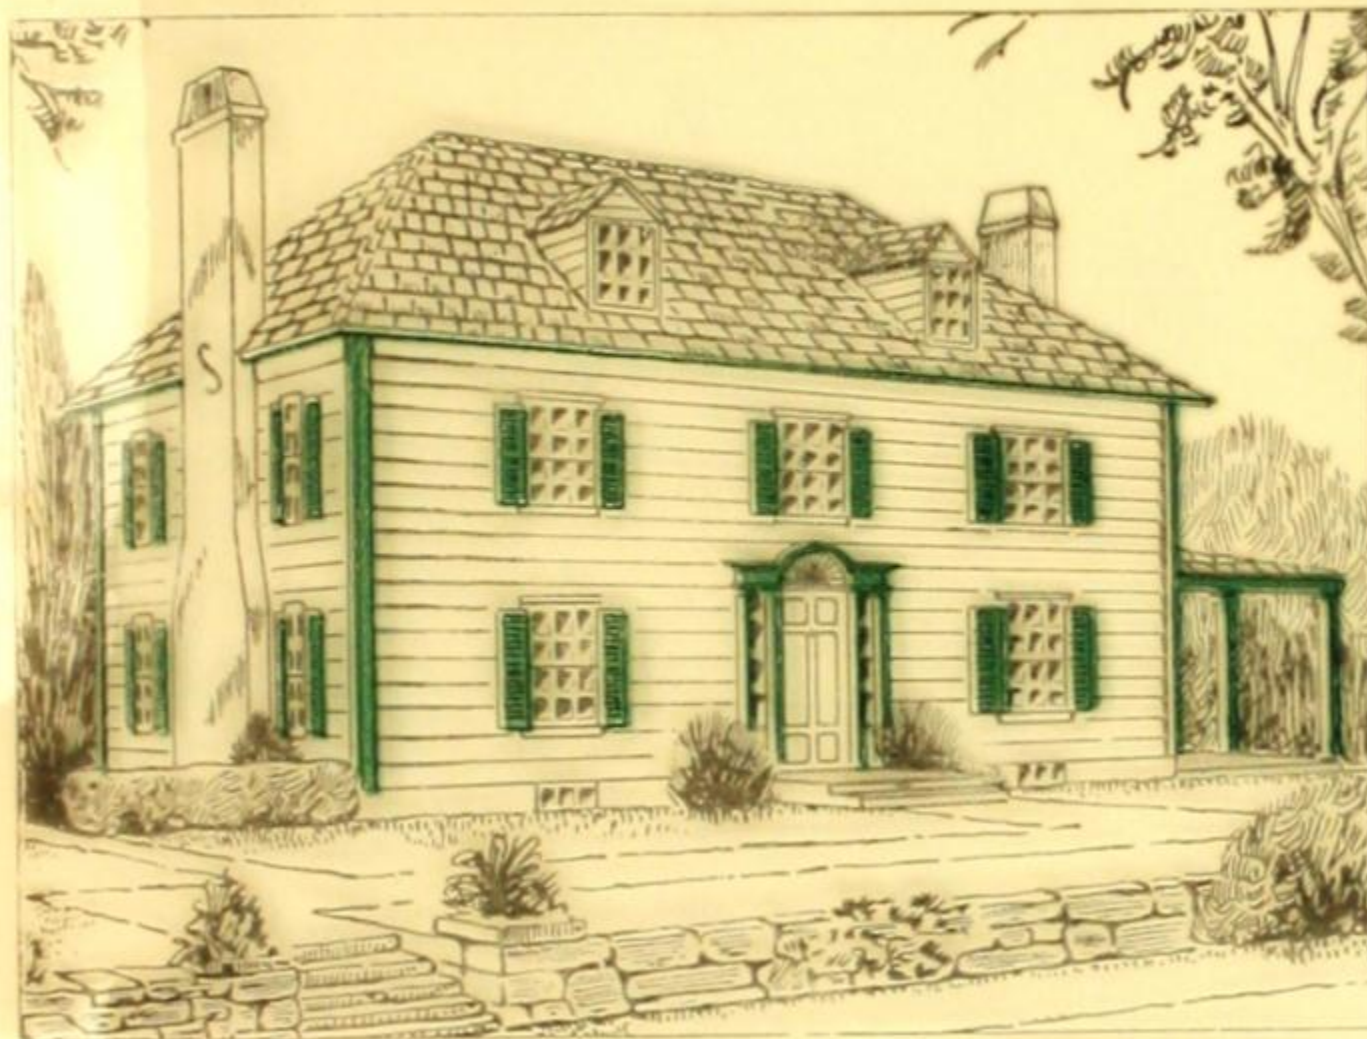

THIS section applies to the exterior of the home or building. The body colors available in this paint are printed on the pages marked Section No. 1. The trim colors are shown on the transparent sheets in this envelope. By placing these sheets over the background or body colors and shifting them from illustration to

illustration an endless variety of color schemes may be procured.

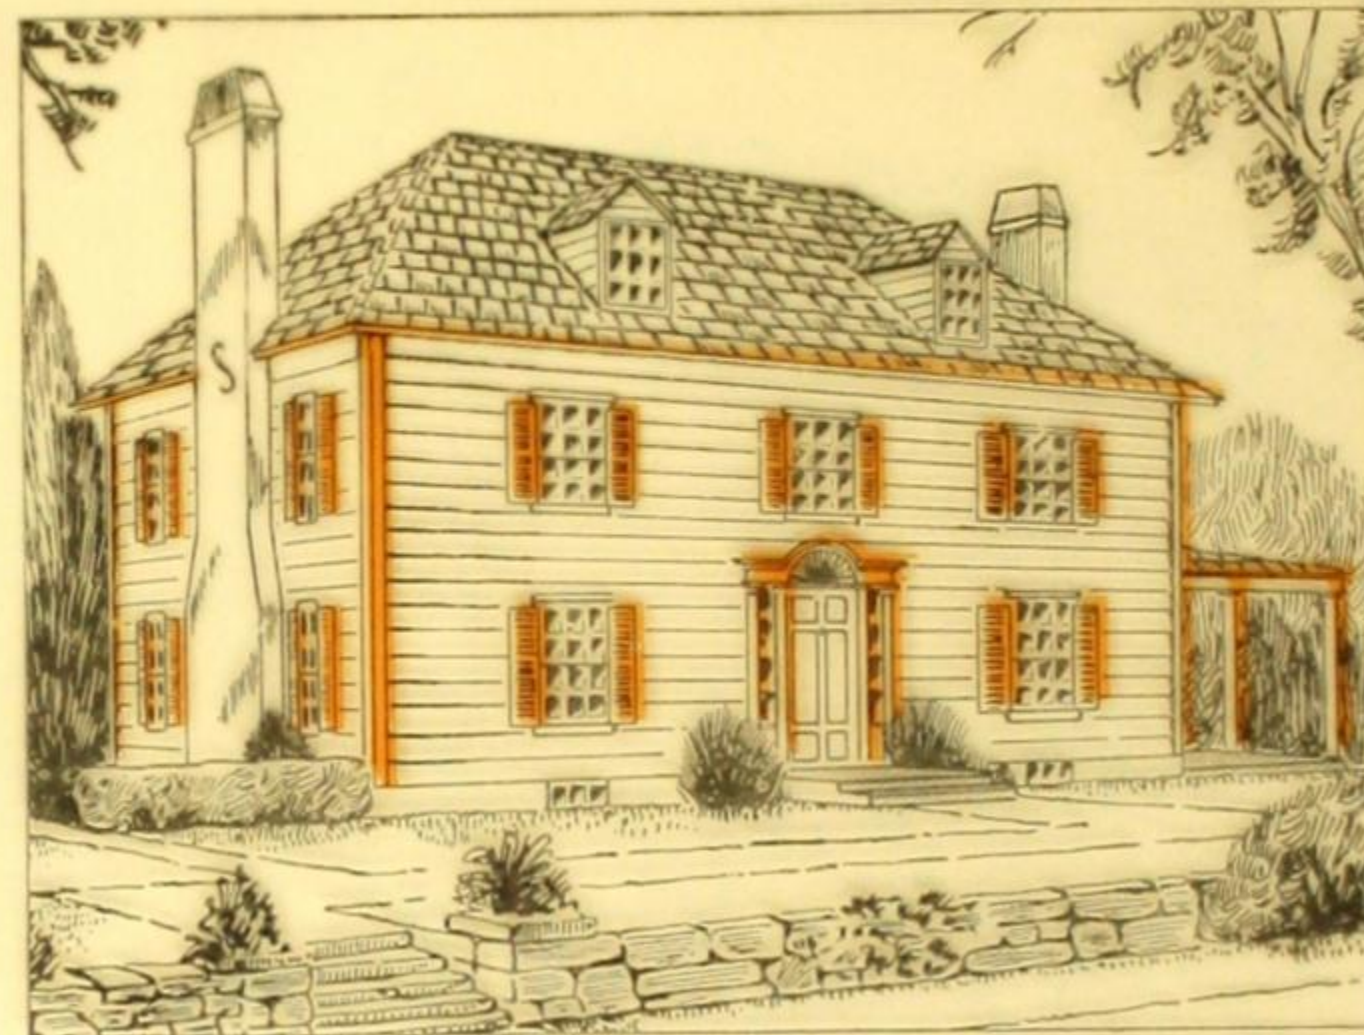

There are a few shades on the color cards that are not used in the harmonizer. These were not considered adaptable, being colors for porch ceiling and other uses that could not be shown in the illustrations.
